

GIRL TALK • BABY TALK
SUPPORT GROUP

While joining a support group isn't a prerequisite to infertility treatments, they can be helpful to people who need them.

You're probably wondering- how do I know if I'm one of the people who needs additional support for infertility?

Your answers to these questions can help you decide whether you could benefit from **Girl Talk - Baby Talk:**

- Do you feel alone in your infertility journey?
- Do you have anyone other than your partner who can provide you with emotional support?
- Are your struggles with infertility affecting your job?
- Do you feel surrounded by people who are currently pregnant or who have children?
- Are you having a difficult time deciding whether to stop infertility treatments?
- Are get-togethers with family and friends becoming difficult to bear?

If you've answered yes to one or more of these questions, there's a good chance you might benefit from joining us!
